

Dominican Republic July 4th-16th, 2011

Here I am at Centro Especial Genesis just sitting and singing God's praising and listening to my Intern Amy Green read Bible stories. It's was fun, they have worship every Friday and its amazing experience for me. I just love to go to Centro Especial Genesis everyday and just learn about things that I never experience before because with the Language Bearing to the kids. This is great to have a mission trip to another country. This was my first time on a mission trip in another country. I have been to a mission trip down in Philly, PA. This mission to Dominican Republic was such amazing experience for me and I just love going on Mission Trips.
